

24-Hour Helpline

Answered 24-hours a day, 7 days a week. Individuals can call or text to speak with an advocate. Advocates can assist callers with resources, referrals, and general information; crisis intervention and safety planning, legal information and/or options, intakes for services; and offer assistance to those experiencing abuse as well as friends/family.

Domestic Violence Shelter

Operating in a confidential location, the shelter operates as a safe haven for individuals and families at high risk for re-victimization and stalking. Advocates provide crisis intervention, safety planning, group activities, art therapy, assistance with education, and connections to housing, employment and community supports. The Domestic Violence Housing First Initiative connects survivors and their children to independent housing so they can remain safe without entering shelter.

Justice System Advocacy

Journey provides advocacy for domestic violence victims involved in criminal and civil proceedings throughout Cuyahoga County. Journey's JSAP program currently works in 11 courts and covers 43 municipalities.

Advocates speak with each victim about their unique situation, explaining applicable court processes. Options are explored and considered, with an emphasis on safety and self-determination. Advocates also provide safety planning assistance, court escorts, resources and referrals, and follow up as needed to help ensure victims feel supported and informed during the court process.

Safe & Sound Visitation Center (SSVC) is the only one of its kind in Cuyahoga County helping high-risk, high-conflict families in need of safe, supervised visits and/or safe exchanges.
